

# ARTS CENTER

## *Remodel*

Since 1956, the Auditorium has been the backdrop for theatre performances, dance concerts, liturgies, volleyball and basketball games, Junior Ring and Candle Rose ceremonies, dances, and, more recently, stagecraft and 3D art classes. The stalwart building has supported our community faithfully for nearly 60 years.

The time has come to transform the Auditorium into a state-of-the-art, 21st Century visual and performing arts facility. Phase One of the Arts Center Remodel began in January 2015. Soon, our students will benefit from a modern facility that appropriately showcases, nurtures and supports their remarkable talent and commitment to the arts.

*The Vision for Veritas ... the Moment is Now* capital campaign is currently raising funds in support of Phase One of the Arts Center Remodel. Flintridge Sacred Heart is grateful to the visionary supporters who brought us this far. Only with bold leadership will we cross the finish line.

*Can we count on you?*

VERITAS  
A VISION FOR VERITAS  
THE MOMENT IS NOW
